About Us ^[1]

Since 1835 Aduanas Pujol Rubio has evolved to become one of the Spanish leaders in the Freight Forwarding and Customs Brokerage sector.

Along more than 175 years of experience in the market, we have built a highly qualified human team, using the most advanced technologies, and also created a customer base of blue-chip clients, who rely on us year after year.

The company has been granted an Authorized Economic Operator Certificate (OEA) and disposes of the Quality Management System Certification (ISO_9001: 2008 [2]).

Headquartered in Barcelona, the company is operating through five offices in Spain [3] (Bilbao, Girona, Irun, Madrid, and Valencia) and is a presence on 5 continents through a long established agency network.

APR BENELUX is established in Belgium, expanding our area of service to cover the Benelux and its hinterland.
